

FTR Field Test Equipment

Applications

- Flight Termination Receiver Testing
- Command Control Receiver Testing
- Flight Line Check out

Features

- 406-450 MHz coverage
- IRIG Tones 1 through 20
- Programmable via RS-232 COM Port
- Touch screen or remote control
- Front Panel LEDs
- Adjustable RF Output Frequency
- Meets IRIG 313 requirements
- Light weight (less than 15 pounds)
- Environmentally Rugged, Waterproof, Dustproof and Crushproof case

Options

- Standard or Secure IRIG Tones

Description

TTC's FTT-100-2 provides the user with the ability to verify Flight Termination Receiver performance in the field. The unit is packaged in a ruggedized, weatherproof case that will survive conditions where rack mounted equipment proves bulky and unreliable.
