- 150°/140° Visual Angle

#### Description

The LDP-010-1 is a multi-synchronous display that will automatically synchronize to a set of video formats applied to the input connector. The LDP-010's slim, portable design is ideal for mobile applications and tight spaces. This LCD monitor offers 800 x 600 pixel resolution with digital image processing, a digital comb filter and clock-frequency auto correction for a crisp, clear picture. The LDP-010 boasts high contrast and brightness levels and has inputs for S-Video, CVBS (NTSC/PAL), and VGA.

Revision 11/11/2016
