

PSI Systems S8256 Pressure Measurement System Interface

Features

- Interfaces to Pressure Systems, Inc. S8256 Pressure Measurement System
- Up to 384 Channels of calibrated pressure data available from the S8256
- Zero Calibration
- Windows 95/98/NT/2000 Software Included

Description

The MPDI-100 module is compatible with TTC's MEDAU/MCDAU products. The module provides control signals to a single Pressure Systems, Inc. S8256 Pressure Measurement System having up to 386 pressure inputs. The MPDI-100 also has the control capabilities to initiate zeroing the S8256.

Applications

- Pressure Measurement
- Airborne Instrumentation
- Engine and Fuel System Testing
- Pressure Control Systems
